

The Office of the Secretary of the Environment in cooperation with the US Environmental Protection Agency, Region 6 is offering water quality training using standard operating procedures of the Oklahoma Water Resources Board and Oklahoma Conservation Commission. The primary objective of the seminar/workshops is to provide comprehensive water quality monitoring training for tribal environmental staff. The secondary objective is to provide the opportunity for those attending the training to interact with state agency environmental staff as well as staff from other tribal governments.

The next of this series of workshops is:

Class 5—*EVALUATING DATA/DATA ANALYSIS/REPORT WRITING*

**September 24 & 25, 2007
The Oklahoma History Center
2401 North Laird
Oklahoma City, OK.**

<http://www.oklahomahistorycenter.org/>

Course Description: The seminar will provide information necessary for making decisions based on the biological and chemical data collected and how to prepare reports for EPA programs.

Topics will include:

- Chemical and Biological Data Analysis
- Quality Data Decisions
- How to Prepare Reports for EPA Programs

In order to encourage attendance, there will be no registration fee.

Registration Deadline: September 14, 2007

Lodging: Attendees are responsible for their own lodging. For convenience, a block of rooms has been reserved at the Sleep Inn & Suites, 5200 N. Classen Circle, Oklahoma City at the basic rate of \$73.99. These will be held until September 7. Call 405/286-5400 and ask for block of rooms under "Water Quality Training" to make a reservation. Feel free to make other lodging arrangements.

A registration form follows.
